

Our RED Arena Family is Growing! *Meet Clayton, Denali, & Maximus*

With our newest San Marcos location up and running, we have had time to find more great horses to add to our heard. Denali (top left) is a sweet big halflinger who is working as a therapy horse. Max (center) is a handsome gelding who is enjoying his new job as a lesson horse. Clayton (top right) is our shorter version of Denali but has just as big of a heart for all of his riders. *Welcome home guys!*

Horsing Around: 3 Fun Facts you didn't know about Horses and Hippotherapy

- 1) Because horse's eyes are on the side of their head they are capable of seeing nearly 360 degrees at one time.
- 2) The first cloned horse was a Haflinger mare (like Bella & Freya) in Italy in 2003
- 3) In one therapy session a horse takes an average of 4,500 steps
